SPECIALIZING  
IN MULTI-PLY  
COOKWARE  
MANUFACTURING

Quality control should never concern only with QC & management teams, for us, we've always encouraged each member to be involved in it.

In the whole production circle, we define every latter process is the client of the former ones. The clients can reject the unqualified products from the former processes, while the same time, they also need to guarantee the quality in their processes for their clients.

Except that, we encourage all the employees by extra payment to pick out defected goods when products pass their processes. In this way, we're glad to see the increase of quality awareness & commitment to the company among all the members.

We always welcome all kinds of suggestions from all the staff, since they're most familiar with daily operation, even some of them, finally proved to be hard to carry out.

While we think, we need to keep encouraging to do this from the beginning, and actually, some of methods for our process optimization & production cost cut are from these suggestions, we think & regard our employee as our greatest wealth & long-term supports.

For more about us, you can reach us anytime at [info@freelyhover.com](mailto:info@freelyhover.com), our pleasure to share with you!

Highly practical design gradually becomes an everyday favourite. Also the extremely successful combination of shape and function has made it a classic design.

## SPECIALIZING IN MULTI-PLY COOKWARE MANUFACTURING SINCE 2007

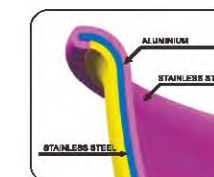

### ENERGY saved

Due to the aluminium core inside, multi-ply pots get all-round cooking properties, which allows more quick & even heat distribution even to the pots edge. Thus time & energy save.

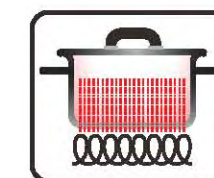

### WELDING assembled

Instead of rivet assembling, we have been operating welding connection since 2007. With the welding strength guarantee, we get great appraisals from the final markets.

### RIM closed

Middle aluminium layers have been perfect sealed, thus to leave no chance for corrosion on the edge, and ensure the durability.

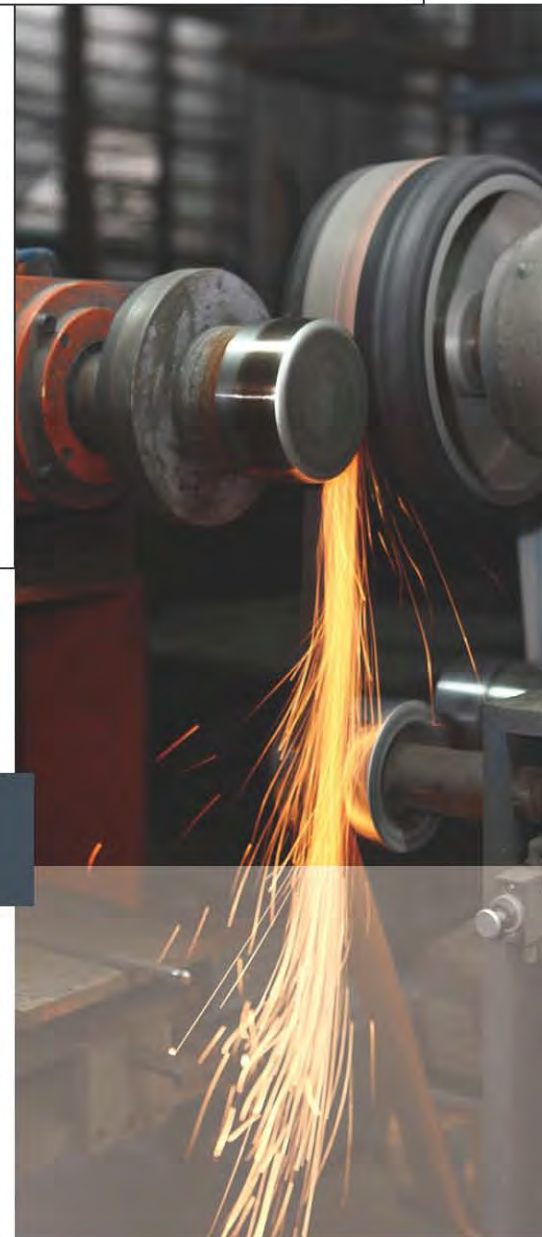

### INDUCTION perfect

With the help of outside layer, 430 material, multi-ply pots can be suitable for all types of stove, such as, CERAMIC, INDUCTION, ELECTRIC OR GAS.

A Sweet Pattern, Perfect For Little Hands. This pattern, like the big version of this timeless pattern, is embossed with a floral design and has a shapely fiddleback silhouette that tiny diners will love to use and find easy to hold. Kids get a kick out of the "grown up" look of their very own flatware as much as adults love the quality craftsmanship.
